

## **IT Support/QA Work Student (f/m/d)**

**Work Student: by individual arrangement  
From now on in Berlin**

As Engel & Völkers Digital Invest, we want to become the leading sustainable provider of digital financial solutions in the real estate sector. We focus on the project financing of real estate projects, land and existing properties for property developers. Become part of our success story and shape the future of crowdinvesting in the real estate sector. Work together with other innovative minds on new solutions for investment and real estate financing. Benefit from an excellent working environment in the heart of one of the most attractive cities in Europe - Berlin.

We are looking to strengthen our fast-growing team in Berlin as soon as possible. As a work student we would like you to work 16 to 20 hours per week.

### **Your Responsibilities**

As a working student (f/m/d) of the Crowdinvesting platform for real estate of Engel & Völkers Digital Invest you are jointly responsible for supporting the IT team in many important processes.

In detail your tasks include:

- Provide IT Support to the business (laptop setup, printer management, software support as needed)
- Assist in the QA of our platform, native app and BackOffice solutions
- Interest to getting involved in development in either full stack or frontend is available

If there is an interest in learning/improving development skills, we can offer support and the opportunity to get involved in our tech stack:

- Dot Net (C#)
- Angular (JS or 8)

## Your Profile

Are you a student and have an affinity for IT? Are you also interested in the real estate industry and digitalization? Then you are exactly right with us.

We are looking for a creative mind, who is highly motivated and wants to contribute his ideas.

Accordingly you bring the following:

- Enrolled student in an IT-related orientation (computer science, physics, (business) mathematics, (business) engineer or comparable study program)
- Actual passion for technology and development
- Existing technical background in Microsoft OS and software (o365 would be beneficial)
- Good communication skills
- Structured and logical approach to problem solving
- Very good written and spoken English, German would be beneficial

## What we offer

- Dynamic and attractive working environment and freedom for own ideas
- Individual training and further education
- Responsible and varied tasks
- Competitive compensation
- Modern office directly at Ku'damm in Berlin
- Motivated, agile and technical team
- Start-up with short, direct decision-making paths and a familiar working atmosphere
- Access to the global network of Engel & Völkers
- Flexible working hours and overtime compensation
- Employee events, such as Team events, summer events and Christmas party

### **Ready for a new challenge?**

We are looking forward to your application with your CV and earliest start date to be considered for the work student role:
