

UX/UI-Designer (m/f/d)

Full time / starting immediately in Berlin

Who we are

Engel & Völkers Digital Invest is part of the global license partner network of Engel & Völkers and as one of the leading providers specializes in the digital financing of premium real estate. The focus is on project financing of construction projects, land and existing properties for property and project developers. With digital real estate investments, we also enable private investors to invest in exclusive real estate projects and benefit from attractive interest rates.

As a part of our SCRUM team, we are looking for a UX/UI designer who can help us to define the look and feel of our digital products (Web and Mobile) and optimize the experience of our customers. We are looking for a designer with strong analytical thinking and a good eye for aesthetics always keeping the End User in the center.

What you can expect

- You help to define and enhance the user experience and UI for new and existing functions.
- Optimize our product design process from wire-framing to designing end-to-end flows and prototypes.
- You craft how people will interact with our products and services for multiple platforms, responsive web design and our iOS, Android app.
- Work closely with product management and engineering.
- Collaborate with our Frontend team to specify and implement UI components.

What you should contribute

- You have relevant experience in UI / UX (2+ years) and can show a portfolio of successful projects.
- You are confident in using tools such as Figma or Sketch, InVision and Adobe Creative Cloud.
- You have experience in working in agile frameworks like Scrum and Kanban.
- Broad interest and knowledge of digital design trends.
- Experience building re-usable components, styleguides or component libraries.
- You speak fluent English; basic German would be a plus.

What we offer

- Responsible and varied tasks with room for own ideas
- Start-up atmosphere with a familiar working atmosphere and numerous employee events
- Motivated, agile and tech-savvy team and flat hierarchies with short decision-making processes
- Modern open space office directly at the Ku'damm in the heart of Berlin
- Access to the global Engel & Völkers network
- Competitive salary
- Individual training and further education
- Flexible working hours, overtime compensation and home office
- Fresh fruit, drinks and an after-work beer with an unbeatable view over the City West

Let's build the future together!
